

ALI HAIDER

Full Stack Developer

+923048887011 ialihaider7011@gmail.com [linkedin.com/in/alihaider7011](https://www.linkedin.com/in/alihaider7011) Multan, Pakistan

I am a skilled MERN Stack and Full Stack developer with expertise in building robust web applications using modern technologies. Proficient in Node.js, Next.js, and database management with PostgreSQL and MongoDB, I have a strong background in creating scalable web solutions. My expertise extends to ASP.NET MVC development and freelancing, allowing me to deliver comprehensive solutions across multiple platforms. Seeking opportunities to leverage my technical skills in challenging development roles.

PROFESSIONAL EXPERIENCE

MERN Stack Developer

[Build Me App](#)

Feb 2025 - Present | Toronto, Canada

- Architect and develop **multi-tenant SaaS platforms serving 10,000+ users** using React, Node.js, Express, and MongoDB
- Implement Redis caching and optimization strategies, **reducing application load times by 45%**
- Lead development of scalable REST APIs handling **500+ requests per minute** with proper authentication and authorization
- Collaborate with cross-functional teams using Agile methodologies to deliver features on time
- Design responsive user interfaces with modern React patterns and state management (Redux/Context API)
- Optimize database queries and implement proper indexing, **improving query performance by 60%**

MERN Stack Developer (Internship)

[Bytewise Limited](#)

June 2024 - Aug 2024 | Islamabad, Pakistan

- Developed **5+ full-stack web applications** using MERN stack with responsive design and modern UI/UX
- Built and documented RESTful APIs with proper error handling and input validation
- Participated in code reviews and agile development practices, contributing to **15+ sprint deliveries**
- Implemented authentication systems using JWT and bcrypt for secure user management

CERTIFICATIONS

MERN Stack Development Course

[PFTP \(Professional Freelancing Training Program\)](#)

March 2025 - May 2025

- Comprehensive training in MongoDB, Express.js, React, and Node.js
- Advanced concepts in full-stack JavaScript development

JavaScript Course

[Simplilearn](#)

September 2024

- Advanced JavaScript programming concepts and ES6+ features
- Asynchronous programming and modern JavaScript frameworks

HTML Frontend Development Course

[Great Learning Academy](#)

September 2024

- Modern HTML5 and CSS3 techniques for responsive web design
- Frontend development best practices and accessibility

- Created deployment-ready features with proper testing and documentation

Full Stack Developer (Freelancer)

Fiverr Platform

Sep 2022 - Present | Pakistan

- Delivered **25+ successful projects** for international clients across B2B platforms and eCommerce solutions
- Built custom eCommerce websites with payment integration (Stripe, PayPal) and inventory management
- Created responsive business websites using React, Next.js, and modern CSS frameworks
- Designed and implemented database schemas for complex business requirements
- Maintained **4.9/5 client satisfaction rating** with timely project delivery and quality code

EDUCATION

BSC Computer Science | GPA: 3.1/4.0

University of Engineering and Technology, Lahore (New Campus)

Nov 2021 - May 2025 | Lahore, Pakistan

Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Web Technologies

KEY PROJECTS

CodeUnity - Developer Mentorship Platform (Final Year Project)

- Developed full-stack web application connecting **experienced developers with junior developers** through mentoring and forum features
- Implemented **real-time booking system, payment integration, and role-based dashboards** for developers, students, and admins
- Built discussion forum with posting, commenting, and knowledge sharing capabilities
- Technologies: React, Node.js, Express, MongoDB, Socket.io, JWT, Payment Gateway

Multi-Tenant SaaS Platform

- Built scalable SaaS application with **tenant isolation and custom dashboards**
- Technologies: React, Node.js, MongoDB, Redis, AWS S3

Real-time Chat Application
